March 29, 2011

Dear CECO Customer,

Due to an unexpected increase in the costs of raw materials over the past few months, CECO will be implementing a price increase effective April 2, 2011. As a courtesy to our valued customers we will be granting an additional thirty days grace period. All orders shipped on or after May 2, 2011 will be billed at the new price.

New price sheets will be mailed to our Manufacturer's Representatives in the next week. If you have any questions regarding this letter, please contact us at the telephone number at the top of this page. We appreciate all of your support during these challenging times.

Sincerely,

Matthew Hurray
President and Owner
CECO
